Filter and Dual Chokes Chassis Mount

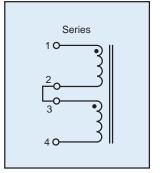

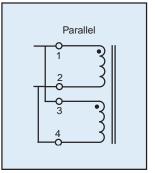

Signal's CH and CL chokes are designed to complement the rectifier power transformers so that a set may be specified for DC power supplies using inductive filters.

General Specifications

- Inductance 0.12 mHY to 100 mHY
- DC Current 1.0 ADC to 200 ADC
- Insulation System Class B insulation, 130° C

Signal's dual chokes are supplied with 2 windings which may be series or parallel connected with rating shown on chart. This line is designed for applications requiring lower inductance value at high currents such as low voltage, DC supplies or SCR filters.
